# Easy upcycling: T-shirt tote bag

---

Turn your old t-shirt into a tote bag. All you need is a pair of scissors.

1.

2.

3.

4.

5.

6.

## Instructions:

---

### ① Cutting the sleeves

Cut off the sleeves individually, following the seam.

### ② Cutting the neck

Cut out the neck in a U-shape to create the handles of your tote bag. You can modify the width and length of the handles as you wish.

### ③ Cutting the hem

Turn the t-shirt inside out. Once you have checked that the bottom edge is even, begin to cut strips of about 7–8cm (3 inch) long and 1,5cm (1 inch) wide into the hem.

### ④ Making the bottom

Once you are done, tie the strips together to create the bottom of the bag.

### ⑤ Securing the bottom

To avoid gaps between the knots, tie the strips again. This time tie the top strip to the bottom of the adjacent strip.

### ⑥ Closing the bottom

To close the bottom of the bag, tie a double knot on the ends to finish.

### ⑦ Finishing the bag

Turn your bag inside out and see the results! If you want, you can finalise the seams with a sewing machine for a more refined end result.
