DESIGN BY

CENTO ☺ GANESI ☺

Cento began his career at the end of the 80s, immersing himself more and more in the Italian and global Graffiti scene. He has also been working as designer in the streetwear clothing for many years, giving him the opportunity to collaborate with many brands. His style, in many ways unique and “cheerful”, conveys a sort of serenity and light-heartedness that provides a clear idea of who is the person behind the name of Cento.

DESIGN BY

VAN ORTON
DESIGN

Van Orton is a creative duo made of twin brothers from Turin. Their art is influenced by "pop culture", evolving thanks to the use of symmetrical grafting and bright lines. They started by reinterpreting cult movies icons of the 80s, allowing them to gain quickly a strong visibility and the opportunity to collaborate with major brands like Marvel, Microsoft, Armani and BMW and worldwide known artists such as Pearl Jam.
